Letter of Academy Acceptance

February 2013

Dear Health Services Academy Applicant,

CONGRATULATIONS! You have been **accepted** into Deltona High School's "**Health Services Academy**". During the next few years of your high school experience, this unique program of studies will allow you the opportunity to explore exciting career choices in the health care profession.

Attached to this letter are two (2) important documents that must be completed and returned to Deltona High School, no later than March 15th 2013. Both of these documents must be on file in order to assist you in registering for courses at our Freshman Registration Night. You may mail the documents to Deltona High School, drop-off the documents at our front desk, or ask your middle school counselor to place them in county mail. All documents should be labeled "ATTN: Alisha Kellett" to ensure proper delivery.

To help in scheduling your academic and elective courses for the upcoming school year, we are asking that you attend one of the scheduled Freshman Registration Nights. Academy students and parents should specifically tell the School Counselor that they meet with at registration, that they have been accepted into the academy; as they will then be able to properly schedule your courses. I would recommend attending on your assigned date if at all possible, however the date/alpha breakdown is not a rigid schedule and you may elect to attend any of the identified nights.
